Support your creative community by
showcasing hand-selected local art

Energize your workforce
through intentional design

Enhance and reinforce your brand

Keep your business fresh and ahead of the curve
by leasing, purchasing, or commissioning original
art from local artists to fill your walls.

Select your own pieces from dozens of area
artists working in a huge range of styles, or have
a collection curated just for your space.

The Durham Art Guild can
help you find what you need.

“Purchasing 20 pieces of art from
multiple local artists may seem like a
daunting task. It is... unless you have
some help. It has been a dream to work
with Durham Art Guild. They reached
out to artists for us, helped us choose
pieces, arranged payments and
deliveries, and even hung the art for us.
The whole process has been seamless.
Thank you, DAG!”
